RECOMMENDED GLIDERS

CODE	Y DIM.
GLSD5WH — Standard	13 mm
5721 — Standard	6 mm
GLWG7WH-6cm — Wave	9.5 mm
GLWG7WH-8cm — Wave	9.5 mm
6036	9 mm
14058	7 mm

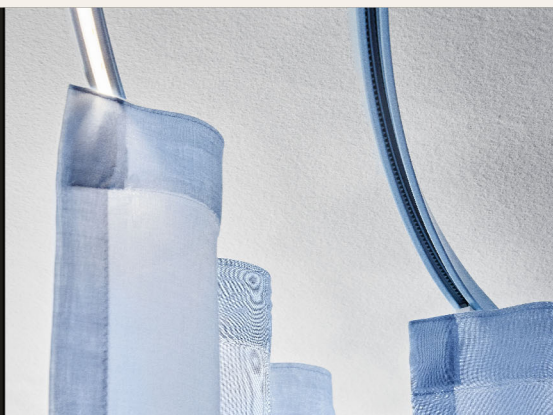

Standard and Wave gliders to suit hand-drawn or wave headings, matched to the 1170 profile.

Light it. Bend it. Fit it.

NEW INTEGRATED LED CHANNEL

Seamless light, concealed in the profile

A dedicated LED strip channel runs the length of the track, hidden within the 13.75 mm profile. Create **ambient wall-wash** or **feature lighting** above the curtain — with no separate housing and nothing on show but the glow.

COMPONENTS

1

1170 Slimline Track

13.75 mm ceiling profile, bendable for bay & curved runs.

2

Integrated LED Channel

Concealed strip channel for ambient or feature lighting.

3

Gliders — Standard & Wave

GLSD5WH · 5721 · GLWG7WH · 6036 · 14058.

4

CLICK & CEILING CLICK BRACKETS

HOW TO ORDER

01

Measure the ceiling run; note any bay, curve or angle for bespoke bending.

02

Choose one of seven powder-coated finishes and confirm your LED requirement.

03

Select your glider — Standard or Wave — with click brackets to suit the ceiling.
