MAXIMUM LOAD

WALL OR CEILING MOUNT

Designed for easy, discreet mounting to either wall or ceiling, with pre-drilled screw holes for secure installation. Comes as standard with decorative brackets suited to your chosen fixing.

BEND TO SUIT

The T20 can be bent to an 11cm radius, allowing curved or angled installations — ideal for bay windows and shaped walls or ceilings. Ideal for sheers and light to medium-weight curtains.

T20 HAND-DRAWN TRACK

Cut to size, 150cm – 600cm

Finish: ● ● ●

20mm decorative track, bendable to an 11cm radius for curved or angled installations.

RECOMMENDED GLIDER

5721 · 53554/60 · 53554/80

Fits: ●

Compatible hand-drawn and wave gliders for smooth, quiet operation.

DECORATIVE MOUNTING BRACKET

Supplied as standard

Finish: ● ● ●

Pre-drilled for secure, discreet wall or ceiling fixing — coordinated with the chosen track finish.

MOUNTING OPTIONS

WALL MOUNT

Fixed to the wall above the window using the decorative wall bracket — the classic choice for most window openings.

CEILING MOUNT

Fixed directly to the ceiling using the same pre-drilled bracket — ideal where wall space is limited or a floor-to-ceiling look is wanted.

PERFECT FOR

BAY &
BOW WINDOWS

CURVED &
ANGLED WALLS

LIVING
ROOMS

BEDROOMS

HOW TO ORDER

- 1 Measure the window width and note any curve or angle for bent sections, up to an 11cm radius.
- 2 Choose your finish — Brushed Silver, Antique Brass or Satin Gold — and confirm wall or ceiling fixing.
- 3 Confirm your recommended glider — 5721 for standard hand-drawn, or 53554/60 / 53554/80 for wave headings.
